

Supplementary Table 1. Annual number of patients receiving physiotherapy interventions and prescriptions for physiotherapy interventions among patients with Parkinson's disease

	Total	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020
Number of PD patients											
Total (a)	169,613	49,417	54,783	60,419	66,607	71,078	76,947	82,630	86,783	90,303	91,841
Receiving PT interventions (b)	45,737	4,847	5,464	6,130	7,145	8,077	9,149	9,992	10,331	12,570	13,163
Receiving specialized rehabilitation PTs (c)	31,921	3,017	3,742	4,302	5,153	5,973	6,849	7,672	8,148	8,357	7,980
(b/a) (%)	26.97	9.81	9.97	10.15	10.73	11.36	11.89	12.09	11.90	13.92	14.33
(c/b) (%)	69.79	62.24	68.48	70.18	72.12	73.95	74.86	76.78	78.87	66.48	60.62
Number of prescriptions											
Total (d)	7,080,020	384,755	520,160	578,260	651,499	692,228	763,724	829,154	862,355	918,668	879,217
PT interventions (e)	2,605,922	81,220	160,840	189,639	227,410	251,863	288,713	321,275	336,289	377,651	371,022
Specialized rehabilitation PTs (f)*	1,771,276	46,436	98,524	121,736	151,018	168,928	197,286	229,848	249,471	271,771	236,258
(e/d) (%)	36.81	21.11	30.92	32.79	34.91	36.38	37.80	38.75	39.00	41.11	42.20
(f/e) (%)	67.97	57.17	61.26	64.19	66.41	67.07	68.33	71.54	74.18	71.96	63.68

Data are presented as *n*.

*Specialized rehabilitation physiotherapies are therapeutic treatments defined by the Health Insurance Review and Assessment Service. They include treatments with the following prescription codes: MM041, MM042, MM044, MM045, MM051, MM052, MM060, MM061, MM101, MM102, MM103, MM161, MM170, MM200, MX121. Specialized rehabilitation physiotherapies can be claimed when prescribed by a rehabilitation specialist in rehabilitation medicine, within a care facility equipped with relevant amenities and specialized therapists.

PD, Parkinson's disease; PT, physiotherapy.
